Introduction

This directory provides a place for children and young people, their families and professionals to get quick, easy and direct access to up-to-date mental health and wellbeing information in South Gloucestershire, including:

- Clear, accurate information about support and services available in South Gloucestershire
- Ideas for activities locally to help you look after your wellbeing
- Self-help tools and information including online resources

Searching online is often now the first way people look for information when they, or the people they care for or support, need help. South Glos is committed to improving access to online information and resources, in particular for mental health. This directory is part of a long-term plan to make digital choices available for people in the area who want to improve their wellbeing.

[Find information for adults, children and families](#) is a source of information, advice and guidance for people living in South Gloucestershire.

You can contact the team with any comments/feedback about the directory or with any ideas at: mentalhealth@southglos.gov.uk. Unfortunately, we are unable to respond to queries about individual situations or give advice.

FREE online courses for all parents, carers, grandparents and teens. Nurturing emotional health and wellbeing from bump to 19+ years. South Gloucestershire Council has partnered with the Solihull Approach to offer free access to expertly designed online courses for people living in the region. Sign up to understand your child's feelings, as well as your own, as you go through life as a family. Learn to understand the changes in your child's development and how to support them, whilst also strengthening your relationship – [In Our Place](#)

Please note, this publication is designed to offer a broad overview of the main mental health and wellbeing services available to young people aged 0-25, their families and professionals. It is not intended to be a comprehensive directory of all services.

All information is provided by organisations and services themselves. We cannot guarantee the quality of all the services and resources listed here so we advise young people, their families and carers to make their own assessments of quality and suitability for their specific purposes.

All services are free to access unless otherwise stated.

Where possible this directory includes information on who has oversight for various organisations, to support you in making assessments of quality, safety and suitability.

*The information is correct as of **January 2025** and is updated regularly.*

How to Support Mental Health and Wellbeing

Mental health and wellbeing is not just about specific mental health services. It is about how we think and feel about our lives and ourselves.

Looking after your wellbeing is key to how we manage and deal with ups and downs throughout our lives. [The NHS website](#) sets out five ways to look after your wellbeing:

1. Connect with other people
2. Be active
3. Learn new skills
4. Give to others (including giving your time through volunteering)
5. Pay attention to the present moment ('mindfulness')

There are a huge number of organisations, teams and groups in South Gloucestershire that can help you with your wellbeing. Why not check one of the websites below for some ideas:

Directory of Mental Health Services

This Directory provides information on a range of services available in South Gloucestershire to support the mental health of children and young people, their parents and carers, and professionals working with them.

So that you can easily tell the level of support offered, services will be split into five categories, known as *iThrive*:

- 1) **Thriving** - Those whose current need is support in maintaining mental wellbeing through effective prevention and promotion strategies
- 2) **Getting Advice** – Those who need advice, signposting, self-management and one-off contact
- 3) **Getting Help** – Those who need focused, goals-based help
- 4) **Getting More Help** - Those who need more extensive and specialised goals-based help
- 5) **Getting Risk Support** – Those who need risk management and crisis support, including for those who have not benefitted from or been able to use other help

Each entry in the Directory will include a key at the top of the page indicating the level of *iThrive* support, the age range of the service, and whether the service is for

- Children & young people (**CYP**)
- Parents & carers (**P&C**)
- Professionals working with children, young people, parents and carers (**PRO**)

Services for Children and Young People

1625 Independent People

16-25

CYP; PRO

1625 Independent People works with young people who are homeless, leaving care or at risk of homelessness in Bristol and the South West. Our services ranges from signposting or advice, to intensive one-to one support, supported housing, group activities and peer support.

As well as providing safe, stable accommodation, we provide practical and emotional support to ensure vulnerable young people can build healthy relationships, develop independent living skills and can access jobs and training. We nurture the existing skills, strengths and talent in young people, to show them they can believe in themselves, and that they have the skills to thrive as an independent adult.

Our staff are trained to provide emotional support, as young people often have histories that involve trauma and disrupted family life. We know that positive relationships based on trust, mutual respect and dignity is the key tool for change for young people.

Compass

0-18

P&C; PRO

Compass has been established to help families, agencies and settings navigate to the right information and help, at the right time and in the right way.

Compass provides information and advice regarding early help both directly to families, as well as to professionals who are supporting them to enable them to achieve meaningful and positive outcomes. We want to prevent families having statutory intervention and receive support at the right time, as early as possible.

We know that early intervention and prevention is the most effective way of enabling children to reach their full potential and/or protecting children from harm. This includes access to information, advice or help before problems occur or escalate.

Cruse Bereavement Support

4-17

CYP; P&C

We help people through one of the most painful times in life – with bereavement support, information and campaigning. Our values underpin who we are as an organisation. We believe in being kind, ambitious, inclusive and genuine. Children and young people experience the same sorts of feelings as adults when someone dies. But they may express them differently. Our volunteers are trained to work with children aged 4-17 years, in-person, on the phone or by video call.

Children and young people may react in a number of ways after the death of someone close. These can include both emotional and physical responses. Understanding the signs of grief in a child means we can give them the help they need.

Health Visiting Service

28 weeks pregnant – school entry age

CYP; P&C

The health visiting service is a home visiting service that supports parents/carers during their transition to parenthood. Members of the team will work in partnership with parents to identify their strengths and the challenges they face, so that all families can be supported whatever their circumstances.

Some common discussions in home visits include infant feeding, how you and your family are feeling, play and child development, how to keep your family safe and where to find support you might find helpful in your local community. Families will see a member of their health visiting team during pregnancy, after the baby is born, at 6 weeks, 1 year and 2 years. Families can drop into any of our baby hubs which are offered in a range of locations every week.

Holiday Activities and Food Programme

5-16

CYP

We provide free places on holiday activity programmes for children and young people who are eligible for benefits-related free school meals. We currently have around 20 different providers working across around 37 different locations in South Gloucestershire. There is a small amount of flexibility for other children who may benefit from attending the programme. To secure a discretionary place on any of the HAF programmes we ask for referrals either from the child's school or another professional working with them. To make a referral they need to email HAF@southglos.gov.uk with the child's full name and date of birth. All children and young people attending a programme will also receive a free healthy lunch.

Safe Link Support

All Ages

CYP; P&C

Safe Link provides support to survivors of rape and sexual abuse across the whole of the Avon and Somerset area. We are the largest team of Independent Sexual Violence Advisors in the South West and our ISVAs provide practical and emotional support on a long term basis. Our CYPSVAs (Children & Young Persons Independent Sexual Violence Advisors) are trained in line with Home Office guidance and can work directly with the child or young person and provide support to the family.

They can provide a safe space to talk, emotional support, help to communicate with school, college or other professionals. The CYPSVAs help their clients feel safe and supported through the police process and beyond. They understand how scary or confusing it can be and do their best to help the young person understand what is happening, helping them to ask questions and talk to the police if needed. Our CYPSVAs also refer into other services such as support groups, counselling, creative groups, substance abuse services and many more.

Our CYPSVAs support the child or young person throughout the court process. We also understand that the end of the court case can be difficult and where the child or young person would like this, we provide some support after all criminal justice proceedings have finished.

School Nursing Team

School nurses support children and young people to maximise their health and wellbeing by providing information and support to children, young people and their parents/carers. School nurses often see children in schools but sometimes they see children, young people and their parent/carer at home or another local venue. Some common discussions with children, young people and parents can include how they are feeling and finding ways to manage the challenges that children and young people face.

Other discussions can include sleep, stopping vaping or smoking, sexual health, how to keep yourself or your family safe and where to find support you might find helpful in your local community. Young people aged 11 and over can use the ChatHealth service which is a confidential, anonymous text messaging service enabling contact with a school nurse about a range of issues.

West of England Music Therapy and Wellbeing

0-25

CYP; P&C; PRO

Our team of music therapists use music to make connections with children and young people. In the music therapy sessions, we respond musically to the people we work with, and we communicate through their music building trust by exploring music together – playing, listening and creating.

We have a base where children and their families can come to in Little Stoke, or we can arrange home visit sessions where appropriate, we also work in schools, other education settings and in community centres and bases.

We work across a wide range of need and use music to boost sense of self and strengthen mental health to help bring about positive change and resilience in emotional wellbeing. Wellbeing and music sessions offer a different way-in for some people and we facilitate these small groups in primary and secondary school settings as well as offering whole class or larger group projects. We work across South Gloucestershire, Bath and North East Somerset and North Somerset, travelling further afield where possible.

What to do in a crisis

Worried about your mental health?

You can phone NHS 111 or see your GP if you have any worries about your mental health or the mental health of your child or the child you care for.

What to do in an emergency or crisis situation

There is also a 24/7 Mental Health Crisis Line which offers support for children in crisis 24 hours a day, seven days a week, 365 days a year.

Telephone: **0800 953 9599**

For a BSL Interpreter, visit <https://247helpline.signvideo.net>

Professionals can help advise about strategies to manage mental health and whether any other support is needed.

In emergency situations, a child or young person can call 999 or attend the nearest 24-hour A&E unit.

A health professional will make an assessment and liaise with the Child and Adolescent Mental Health Services (sometimes referred to as 'CAMHS') to agree what support is required.

This may be an assessment or a referral on to an appropriate team for ongoing support.

It is important to remember that the police are not clinical or medical professionals, and should be viewed only as an option of last resort in any crisis situation, in response to immediate safety concerns.

Worried about the safety of a child?

If you are worried about the welfare or safety of a child or young person, it is very important that you contact 01454 866000 (Monday to Friday) or 01454 615165 (out of hours / weekends).

You can also report your concerns on the [Avon and Somerset Police website](#).
