It shall be made clear to the depositors that the ICB is not to be held liable for any loss, and written indemnities must be obtained from the organisation or individuals absolving the ICB from responsibility for any loss.

8. Procurement and purchasing

8.1 Principles

8.1.1 The chief financial officer will take a lead role on behalf of the ICB to ensure that there are appropriate and effective financial, contracting, monitoring and performance arrangements in place to ensure the delivery of effective health services.

8.1.2 The ICB must ensure that procurement activity is in accordance with the Public Contracts Regulations 2015 (PCR) and associated statutory requirements whilst securing value for money and sustainability.

8.1.3 The ICB must consider, as appropriate, any applicable NHS England guidance that does not conflict with the above.

8.1.4 The ICB must have a Procurement Policy which sets out all of the legislative requirements.

8.1.5 All revenue and non-pay expenditure must be approved, in accordance with the ICB business case policy, prior to an agreement being made with a third party that enters a commitment to future expenditure.

8.1.6 All officers must ensure that any conflicts of interest are identified, declared and appropriately mitigated or resolved in accordance with the ICB standards of business conduct policy.

8.1.7 Budget holders are accountable for obtaining the necessary approvals and oversight of all expenditure incurred on the cost centres they are responsible for. This includes obtaining the necessary internal and external approvals which vary based on the type of spend, prior to procuring the goods, services or works.

8.1.8 The ICB shall undertake any contract variations or extensions in accordance with PCR 2015 and the ICB procurement policy.

8.1.9 Retrospective expenditure approval should not be permitted. Any such retrospective breaches require approval from any committee responsible for approvals before the liability is settled. Such breaches must be reported to the audit and risk assurance committee.

8.1.10 The ICB will consider obtaining expert support as appropriate to ensure compliance when engaging in tendering procedures

8.2 Authorisation to tender and seek competitive quotations

8.2.1 Providing all the conditions and circumstances set out in these Standing Financial Instructions have been fully complied with formal authorisation of tenders and competitive quotations may be given by the following staff to the total value of (contract life cycle inc VAT):

- Designated Budget Holders up to £50k
- Directors up to £500k
- Chief Finance Officer or Chief Executive Officer up to £1m
- ICB Board over £1m

8.3 Formal competitive tendering

8.3.1 General Applicability

Subject always to paragraph 9.2 above, the ICB shall ensure that competitive tenders are invited for:

- the supply of goods, materials and manufactured articles;
- the rendering of services including all forms of management consultancy services (other than specialised services sought from or provided by the Department of Health);
- the design, construction and maintenance of building and engineering works (including construction and maintenance of grounds and gardens); for disposals

8.3.2 Health Care Services

Where the ICB elects to invite tenders for the supply of healthcare services the ICB Constitution and these Standing Financial Instructions shall apply as far as they are applicable to the tendering procedure

8.3.3 Exceptions and instances where formal tendering need not be applied

Formal tendering procedures need not be applied where:

- a. the estimated expenditure or income does not, or is not reasonably expected to, exceed £50K (contract life cycle); or

- b. where the supply is proposed under special arrangements negotiated by the Department of Health in which event the said special arrangements must be complied with;
- c. regarding disposals as set out in Standing Financial Instructions No. 8.6
 - Formal tendering procedures may be waived in the following circumstances:
- d. in very exceptional circumstances where the Chief Executive Officer decides that formal tendering procedures would not be practicable or the estimated expenditure or income would not warrant formal tendering procedures, and the circumstances are detailed in an appropriate ICB record;
- e. where the requirement is covered by an existing contract;
- f. where the Cabinet Office framework agreements are in place and have been approved by the ICB Board;
- g. where a consortium arrangement is in place and a lead organisation has been appointed to carry out tendering activity on behalf of the consortium members;
- h. where the timescale genuinely precludes competitive tendering, but failure to plan the work properly would not be regarded as a justification for a single tender;
- i. where specialist expertise is required and is available from only one source;
- j. when the task is essential to complete the project, and arises as a consequence of a recently completed assignment and engaging different consultants for the new task would be inappropriate;
- k. there is a clear benefit to be gained from maintaining continuity with an earlier project. However, in such cases the benefits of such continuity must outweigh any potential financial advantage to be gained by competitive tendering;
- l. for the provision of legal advice and services providing that any legal firm or partnership commissioned by the ICB is regulated by the Law Society for England and Wales for the conduct of their business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel's opinion) and are generally recognised as having sufficient expertise in the area of work for which they are commissioned.
- m. where allowed and provided for in the Capital Investment Manual;

8.3.4 The waiving of competitive tendering procedures should not be used to avoid competition or for administrative convenience or to award further work to a consultant originally appointed through a competitive procedure.

8.3.5 Where it is decided that competitive tendering is not applicable and should be waived, the fact of the waiver and the reasons should be documented and recorded in an appropriate ICB record and reported to the Audit, Governance and Risk Committee at each meeting.

8.3.6 Fair and Adequate Competition. Where the exceptions set out in SFI No. 8.3.3 apply, the ICB shall ensure that invitations to tender are sent to a sufficient number of firms/individuals to provide fair and adequate competition as appropriate, and in no case less than three firms/individuals, having regard to their capacity to supply the goods or materials or to undertake the services or works required.

8.3.7 List of Approved Firms The ICB shall ensure that the firms/individuals invited to tender (and where appropriate, quote) are among those on appropriate frameworks or that are otherwise confirmed as qualified. Where in the opinion of the Chief Finance Officer it is desirable to seek tenders from firms not on the approved lists, the reason shall be recorded in writing to the Chief Executive Officer.

8.3.8 Items which subsequently breach thresholds after original approval. Items estimated to be below the limits set in these SFIs for which formal tendering procedures are not used which subsequently prove to have a value above such limits shall be reported to the Chief Executive Officer, and be recorded in an appropriate ICB record.

8.4 Quotations: Competitive and non-competitive

8.4.1 General Position on Quotations

Quotations are required where formal tendering procedures are not adopted and where the intended expenditure or income exceeds, or is reasonably expected to exceed £5k but not exceed £50k over the life time of the contract.

8.4.2 Competitive Quotations

- a. Quotations should be obtained from at least 3 firms/individuals based on specifications or terms of reference prepared by, or on behalf of, the ICB;
- b. Quotations should be in writing unless the Chief Executive Officer or his/her nominated officer determines that it is impractical to do so in which case quotations may be obtained by telephone. Confirmation of telephone quotations should be obtained as soon as possible and the reasons why the telephone quotation was obtained should be set out in a permanent record.
- c. All quotations should be treated as confidential and should be retained for inspection.

- d. The Chief Executive Officer or his/her nominated officer should evaluate the quotation and select the quote which gives the best value for money. If this is not the lowest quotation if payment is to be made by the ICB, or the highest if payment is to be received by the ICB, then the choice made and the reasons why should be recorded in a permanent record.

8.4.3 Non-Competitive Quotations

Non-competitive quotations in writing may be obtained in the following circumstances:

- a. the supply of proprietary or other goods of a special character and the rendering of services of a special character, for which it is not, in the opinion of the Responsible Officer, possible or desirable to obtain competitive quotations;
- b. the supply of goods or manufactured articles of any kind which are required quickly and are not obtainable under existing contracts;
- c. miscellaneous services, supplies and disposals;
- e. where the goods or services are for building and engineering maintenance the responsible works manager must certify that the first two conditions of this SFI (i.e.: (i) and (ii) of this SFI) apply.

8.4.4 Quotations to be within Financial Limits

No quotation shall be accepted which will commit expenditure in excess of that which has been allocated by the ICB and which is not in accordance with Standing Financial Instructions except with the authorisation of either the Chief Executive Officer or Chief Finance Officer.

8.5 Where formal competitive tendering/quotation is not required

8.5.1 Where a competitive tendering or a competitive quotation is below the limits set out in these Standing Financial Instructions, the ICB should adopt one of the following alternatives:

- a. the ICB shall use the NHS Supply Chain, Cabinet Office contracts or frameworks for procurement of all goods and services unless the Chief Executive Officer or nominated officers deem it inappropriate. The decision to use alternative sources must be documented.
- b. if the ICB does not use the NHS Supply Chain, Cabinet Office contracts or frameworks for procurement - where tenders or quotations are not required, because the life cycle expenditure is below £50,000, the ICB shall procure goods and services in accordance with procurement procedures approved by the Chief Finance Officer.

8.6 Disposals (cross reference to SFI 13.2)

8.6.1 Where Competitive Tendering or Quotation procedures shall not apply to the disposal of:

- a. any matter in respect of which a fair price can be obtained only by negotiation or sale by auction as determined (or pre-determined in a reserve) by the Chief Executive Officer or their nominated officer;
- b. obsolete or condemned articles and stores, which may be disposed of in accordance with the supplies policy of the ICB;
- c. items to be disposed of with an estimated sale value of less than £1K, this figure to be reviewed on a periodic basis;
- d. items arising from works of construction, demolition or site clearance, which should be dealt with in accordance with the relevant contract;
- e. land or buildings concerning which Department of Health guidance has been issued but subject to compliance with such guidance.

8.7 Personnel, agency, or temporary staff contracts

8.7.1 The Chief Executive Officer shall ensure compliance with instructions issued by Department of Health and NHS England. The Chief Executive Officer shall nominate officers with delegated authority to enter into contracts of employment, regarding staff, agency staff or temporary staff service contracts. Where a role is as a ICB Board Member or senior official, these must be in line with the 2012 HMT Review of Tax Arrangements for Public Sector Appointees, the HMT guidance “Managing Public Money” instructions from the Department of Health for the reimbursement of ICB Board members and senior officials, and the ICB Constitution.

8.8 Authorisation of contracts

8.8.1 Providing all the conditions and circumstances set out in these Standing Financial Instructions have been fully complied with formal authorisation and awarding of a contract may be decided by the following staff within +/- 10 percent of the authorised tender value as follows (contract life cycle inc VAT):

- Designated Budget Holders up to £50k
- Directors up to £500k
- Chief Executive Officer or Chief Finance Officer up to £1m
- ICB Board over £1m

8.8.2 All tenders that will, or are forecast to, exceed the budget of that tender or the designated budget holder shall be escalated to the next level up. Where the actual contract value is greater than +/- 10 percent of the authorised tender value authorisation limits are as follows (contract life cycle inc VAT):

- Designated Budget Holders up to £50k
- Directors up to £500k
- Chief Executive Officer or Chief Finance Officer up to £1m
- ICB Board over £1m

8.8.3 Two signatures are required for contracts. These are:

- Two designated budget holders up to £50k
- Two Directors up to £500k

8.8.4 Contracts over £500k (contract life cycle inc VAT) must be signed by the Chief Executive Officer or the Chief Finance Officer or their nominated deputies. Formal authorisation must be put in writing.

8.8.5 In the case of authorisation by the ICB Board this shall be recorded in their minutes.

8.9 Compliance requirements for all contracts

8.9.1 The Board may only enter into contracts on behalf of the ICB within the statutory powers delegated to it by the Secretary of State and shall comply with:

- a. the ICB's Constitution and Standing Financial Instructions;
- b. Directives and other statutory provisions, so long as they continue to apply as a matter of law;
- c. such of the NHS Standard Contract Conditions as are applicable;
- d. Care Quality Commission guidance;
- e. contracts with Foundation Trusts must be in a form compliant with appropriate NHS guidance;
- f. where appropriate contracts shall be in or embody the same terms and conditions of contract as was the basis on which tenders or quotations were invited;
- g. in all contracts made by the ICB, the Board shall endeavour to obtain best value for money by use of all systems in place. The Chief Executive Officer shall nominate an officer who shall oversee and manage each contract on behalf of the ICB.

8.10 Healthcare Service Agreements (cross reference with SFI 8.3.2)

8.10.1 Service agreements with NHS providers for the supply of healthcare services shall be drawn up in accordance with current legislation and guidance and administered by the ICB. Service agreements are not contracts in law and are not enforceable by the courts. However, a contract with a Foundation Trust, being a PBC, is a legal document and is enforceable in law

8.10.2 The Chief Executive Officer shall nominate officers to commission service agreements with providers of healthcare in line with a commissioning plan approved by the Board.

9. Contracting/Tendering Procedure

9.1 Invitation to tender

9.1.1 Where e-tendering is not used, all invitations to tender shall state the date and time as being the latest time for the receipt of tenders.

9.1.2 All invitations to tender shall state that no tender will be accepted unless:

- submitted in a plain sealed package or envelope bearing a pre-printed label supplied by the ICB (or the word "tender" followed by the subject to which it related) and by the latest date and time for the receipt of such tender addressed to the Chief Executive Officer or nominated Manager;
- that tender envelopes/ packages shall not bear any names or marks indicating the sender. The use of courier/postal services must not identify the sender on the envelope or on any receipt so required by the deliverer;
- where an e-tendering software package is used the supplier's response will be completed on-line and uploaded into a secure electronic mailbox until the opening time.

9.1.3 Every tender for goods, materials, services or disposals shall embody such elements of the NHS Standard Contract Conditions as are applicable

9.1.4 Every tender must have given, or give a written undertaking, not to engage in collusive tendering or other restrictive practices.

9.2 Receipt and safe custody of tenders

9.2.1 The Chief Executive Officer or his/her nominated representative will be responsible for the receipt, endorsement and safe custody of tenders received until the time appointed for their opening

9.2.2 The date and time of receipt of each tender shall be endorsed on the tender envelope/package.

9.2.3 An audit log within the e-tendering system will record the date and time the offer documents are received.

9.3 Opening tenders and register of tenders

9.3.1 Where e-tendering is not used:

- a. As soon as practicable after the date and time stated as being the latest time for the receipt of tenders, they shall be opened by two senior officers/managers designated by the Chief Executive Officer and not from the originating department.
- b. A member of the ICB Board will be required to be one of the two approved persons present for the opening of tenders estimated above £500k (contract life cycle). The rules relating to the opening of tenders will need to be read in conjunction with any delegated authority set out in the ICB's Scheme of Delegation.
- c. The 'originating' Department will be taken to mean the Department sponsoring or commissioning the tender.
- d. The involvement of Finance staff in the preparation of a tender proposal will not preclude the Chief Finance Officer or any approved Senior Manager from the Finance Directorate from serving as one of the two senior managers to open tenders.
- e. Executive Team will be authorised to open tenders regardless of whether they are from the originating department provided that the other authorised person opening the tenders with them is not from the originating department.
- f. The ICB's Company Secretary or equivalent role will count as a Director for the purposes of opening tenders.
- g. Every tender received shall be marked with the date of opening and initialled by those present at the opening. Where an electronic tendering package is used the details of the persons opening the documents will be recorded in the audit trail together with the date and time of the document opening.
- h. A register shall be maintained by the Chief Executive Officer, or a person authorised by them, to show for each set of competitive tender invitations dispatched:
 - the name of all firms or individuals invited;
 - the names of firms or individuals from which tenders have been received;
 - the date the tenders were received and opened;
 - the persons present at the opening;
 - the price shown on each tender;
 - a note where price alterations have been made on the tender and suitably initialled.

Each entry to this register shall be signed by those present. A note shall be made in the register if any one tender price has had so many alterations that it cannot be easily read or understood.

- i. Incomplete tenders, i.e., those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tenderer upon his/her own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders (SFI No. 9.5 below).

9.4 Admissibility

9.4.1 If for any reason the designated officers are of the opinion that the tenders received are not strictly competitive (for example, because their numbers are insufficient or any are amended, incomplete or qualified) no contract shall be awarded without the approval of the Chief Executive Officer.

9.4.2 Where only one tender is sought and/or received, the Chief Executive Officer and Chief Finance Officer shall, as far practicable, ensure that the price to be paid is fair and reasonable and will ensure value for money for the ICB

9.5 Late tenders

9.5.1 Tenders received after the due time and date, but prior to the opening of the other tenders, may be considered only if the Chief Executive Officer or his/her nominated officer decides that there are exceptional circumstances i.e. dispatched in good time but delayed through no fault of the tenderer

9.5.2 Only in the most exceptional circumstances will a tender be considered which is received after the opening of the other tenders and only then if the tenders that have been duly opened have not left the custody of the Chief Executive Officer or his/her nominated officer or if the process of evaluation and adjudication has not started

9.5.3 While decisions as to the admissibility of late, incomplete or amended tenders are under consideration, the tender documents shall be kept strictly confidential, recorded, and held in safe custody by the Chief Executive Officer or his/her nominated officer.

9.5.4 Accepted late tenders will be reported to the Board.

9.6 Acceptance of formal tenders

9.6.1 Any discussions with a tenderer which are deemed necessary to clarify technical aspects of his/her tender before the award of a contract will not disqualify the tender.

9.6.2 The lowest tender, if payment is to be made by the ICB, or the highest, if payment is to be received by the ICB, shall be accepted unless there are good and sufficient reasons to the contrary. Such reasons shall be set out in either the contract file, or other appropriate record. It is accepted that for professional services such as management consultancy, the lowest price does not always represent the best value for money. Other factors affecting the success of a project include:

- experience and qualifications of team members;
- understanding of client's needs;
- feasibility and credibility of proposed approach;
- ability to complete the project on time.

9.6.3 Where other factors are taken into account in selecting a tenderer, these must be clearly recorded and documented in the contract file, and the reason(s) for not accepting the lowest tender clearly stated.

9.6.4 No tender shall be accepted which will commit expenditure in excess of that which has been allocated by the ICB and which is not in accordance with these Instructions except with the authorisation of the Chief Executive Officer.

9.6.5 The use of these procedures must demonstrate that the award of the contract was:

- not in excess of the going market rate / price current at the time the contract was awarded;
- that best value for money was achieved.

9.6.6 All Tenders should be treated as confidential and should be retained for inspection.

- c. monitor and evaluate the performance of individual officer members and clinical members of the Board;
- d. advise on and oversee appropriate contractual arrangements for such staff including the proper calculation and scrutiny of termination payments taking account of such national guidance as is appropriate

The Board shall use the report as the basis for their decisions but remain accountable for taking decisions on the remuneration and terms of service of officer members. Minutes of the Board's meetings should record such decisions.

- c. submitting termination forms in the prescribed format immediately upon knowing the effective date of an employees or officer's resignation, termination or retirement. Where an employee fails to report for duty or to fulfil obligations in circumstances that suggest they have left without notice, the Chief Finance Officer must be informed immediately

10.4.4 Regardless of the arrangements for providing the payroll service, the Chief Finance Officer shall ensure that the chosen method is supported by appropriate (contracted) terms and conditions, adequate internal controls and audit review procedures and that suitable arrangements are made for the collection of payroll deductions and payment of these to appropriate bodies.

The requisitioner, in choosing the item to be supplied (or the service to be performed) shall always obtain the best value for money for the ICB. In so doing, the advice of the ICB's adviser on supply shall be sought. Where this advice is not acceptable to the requisitioner, the Chief Finance Officer (and/or the Chief Executive Officer) shall be consulted.

11.2.2 System of Payment and Payment Verification

The Chief Finance Officer shall be responsible for the prompt payment of accounts and claims. Payment of contract invoices shall be in accordance with contract terms, or otherwise, in accordance with national guidance.

The Operational Scheme of Reservation and Delegation sets out levels of delegated authority for payment authorisation in the following instances:

- a. Budget already approved by the ICB Board e.g. payments to NHS bodies arising from agreement of NHS Contracts.
- b. Payments to NHS bodies where there is no contract in place.

11.2.5 Prepayments

Prepayments are only permitted where exceptional circumstances apply. In such instances:

- a. the financial advantages outweigh the disadvantages. Prepayments will constitute payments made in advance for periods greater than one month.
- b. the appropriate officer member of the ICB must provide, in the form of a written report, a case setting out all relevant circumstances of the purchase. The report must set out the effects on the ICB if the supplier is at some time during the course of the prepayment agreement unable to meet its commitments;
- c. the Chief Finance Officer will need to be satisfied with the proposed arrangements before contractual arrangements proceed (taking into account the EU public procurement rules, so long as they continue to apply as a matter of law, where the contract is above a stipulated financial threshold);
