Agenda item: 8 - Primary Care Commissioning Committee Finance Update and Month 3 (June 2021) Reporting

1. Background

The purpose of this report is to update the Primary Care Commissioning Committee (PCCC) on the financial issues impacting Primary Care Services, encompassing delegated commissioning (devolved Primary Medical Care allocation), 'Other' Primary Care services and Medicines Management (as funded from the CCGs Core allocation). The report also provides an update on the position as at 30th June 2021, and the emerging financial risks to delivery of the financial plan.

2. Summary Financial Position as at 30th June 2021

2.1 2020/21 Summary Financial Plan

The table below outlines the high level financial plan for all Primary Care budgets in 2021/22, reflecting the budget setting paper as presented to PCCC in April & May 2021, and any additional allocations received in the year.

The reported position at month 3 is an overspend of £99k. The key variance in this position are costs associated with the PCN vaccination programme, for the contribution provided by the Local Authorities (£97k) which will be retro-funded by NHSE/I. Therefore the underlying position is essentially breakeven.

An extension of the PCN clinical director support has been confirmed for Q2, July – Sept 2021, and continues to be the equivalent of an increase in Clinical Director time per PCN from 0.25 WTE to 1 WTE. The total funding for the Q2 is £575k, increasing the additional PCN clinical director support to £1,150k for 21/22.

The SAS contract has been reviewed after five years with no increase to funding. This review recognised that the cost of delivering the service had increased as a result of pay & non inflation. The review highlighted a requirement to increase the funding by £10.7k per annum. This cost increase has been recognised in the year to date & forecast position and will be mitigated by an underspend against the Improved Access budget.

The following table illustrates the in-year budget adjustments, with year to date performance against this plan summarised in section 2.4, and described in detail in the Section 6 narrative and Appendix 1.

2.2 Key Risks & Mitigations

Key risks to be noted within the Primary Care financial position are summarised as follows:

Risks	Mitigations
The on-going Covid-19 crises is having an adverse effect on the identified medicines management savings schemes	The growth funding applied to the 21/22 budget included all pressures from 20/21. Any emerging pressures in the year will be monitored for additional mitigation

There is a risk that the level of APMS contract premium over and above Global Sum funding is in excess of the budgeted amount

Minimising the use of discretionary spend, contract premiums and contract transition support funding that isn't committed to existing contracts.

2.3 Implications of Changes to NHS Financial Framework

The NHS has continued to operate an alternative financial framework for the first half of 2021/22 as it continues to respond to the Covid pandemic;

- Funding has only officially been issued for Apr 21 Sept 21, known as H1.
- Covid funding continues to be made available supporting the system to respond to pressures.
- Additional funding continues to recognise where additional resource is required to deliver increased activity/capacity.

The financial framework for the committee reported budgets has been set in support of a breakeven position for H1, and is expected to support this outcome for the financial year.

2.4 Summary Financial Position as at 30th June 2021 (Month 3)

3. Covid-19 Costs

3.1 Primary Care Delegated

In line with national guidance, all GP practices in 2021/22 continue to receive all revenues that had been planned in the five year forward view;

- Locally Enhanced Services will continue to receive revenue protection for Quarter 1
- Directed Enhanced Services have reverted to activity based payments for 21/22
- QOF has reverted to the traditional calculated payment for 21/22

In line with national guidance (March 2021), the 21/22 COVID Capacity Expansion Fund, £1.98m, was allocated to CCGs to support General Practice to expand capacity to; return capacity to at least prior year levels and to support the seven priority goals. MOUs are in the process of being agreed with Practices to deliver the funding as follows;

- 1st Tranche, £1.32m,
- 2nd Tranche, £0,66m

The additional PCN clinical director support being paid for April – June 2021 has been extended for the period July – Sept 2021. The payment is the equivalent to an increase in Clinical Director time per PCN from 0.25 WTE to 1 WTE. The total funding for H1 is estimated to increase to £1,150k, from the initial allocation of £575k.

The Primary Care element of the vaccination programme, started early December 2020, has been supported through an additional source of revenue delivered directly by NHSE to the Lead PCNs identified as a part of the vaccination programme;

- Item of Service Fee, £12.58 / vaccination, to support Primary Care to deliver the vaccination, with specific variation to appropriately fund 'hard to reach' population (e.g. Care Homes)
- Nationally purchased/provided equipment & consumables, to support Primary Care to deliver the vaccination.
- Additional Funding to support those costs not covered via the nationally purchased/provided route above. The funding made available is £20m nationally, applied on a 'draw down' method locally.

4. 2021/22 Primary Care Network DES Update

4.1 Sources & Application of funding

The maximum funding available to all BNSSG PCNs in 2021/22 is £21.1m. £10.7m of this funding is included within the CCGs Primary Medical Care allocation, and funding for the £1.50/head Core PCN funding is included within the CCGs Core Programme allocation.

The average weighted population size of the 19 PCNs within BNSSG is 51,512, which equates to average maximum network funding per PCN of £1,112k in 2021/22.

The CCG has received an adjustment to the Primary Medical Care Allocation for the Care Home Premium to be paid at £120 per CQC-registered care home bed per year. Introduced in 2020/21 based on 7,887 beds, this funding has increased from £473k to £946k for 2021/22.

Investment & Impact Fund (IIF) funding - an incentive scheme which will pay out to PCNs based on performance metrics set out in GP Contract. The funding available will be £2.47 per registered patient, the equivalent to £2,579k per annum for full achievement.

- £50.7m introduced in April 2020
- £99.3m increase to funding for 21/22 full requirement TBC

There is one additional source of funding that is only part held by the CCG:

The original Additional Roles Reimbursement Scheme (ARRS) funding (£6.7m), is included in Primary Medical Care allocations, and represents around 60% of the total maximum reimbursable sum to PCNs. Funding for the expansion of the ARRS to cover a wider range of roles with 100% reimbursement has not been added to the revised Primary Care Medical Allocations.

The additional ARRS funding (£5.4m), will be held by NHSE&I and not added to the revised local Primary Care Medical allocations. Once the funding within the baseline allocation has been claimed by PCNs, CCGs will be able to draw down additional allocations - on the basis of need, from the centrally-held additional funding.

			Funding Stream (£'000)

Network DES Total Funding		£10,692	£5,089	£5,351	£21,132	£1,112.2

4.2 Investment & Impact Fund (IIF)

The Investment and Impact Fund (IIF) forms part of the Network Contract Directed Enhanced Service (DES). In 2021/22, the IIF will run for 12 months, from 1 April 2021 until 31 March 2022. It will support primary care networks (PCNs) to deliver high quality care to their population, and the delivery of the priority objectives articulated in the NHS Long Term Plan.

In 2021/22, the initial phase of the IIF is divided into two domains: (i) prevention and tackling health inequalities and (ii) providing high quality care. Both contain areas and these in turn contain indicators. An initial six indicators are included in 2021/22.

The domains, areas and indicators for the initial phase of the IIF in 2021/22 are set out in the summary table below:

Domain	Area	Indicators
Prevention and tackling health	Prevention	VI-01: Percentage of patients aged 65 or over who received a seasonal influenza vaccination between 1 September and 31 March
inequalities		VI-02: Percentage of patients aged 18 to 64 years and in a clinical at-risk group who received a seasonal influenza vaccination between 1 September and 31 March
		VI-03: Percentage of children aged 2 to 3 who received a seasonal influenza vaccination between 1 September and 31 March
	Tackling health inequalities	HI-01: Percentage of patients on the Learning Disability register aged 14 or over, who received an annual Learning Disability Health Check and a completed Health Action Plan
Providing high quality	Personalised care	PC-01: Percentage of patients referred to social prescribing
care	Access	ACC-01: Confirmation that, by 30 June, all practices in the PCN have mapped all active appointment slot types to the new set of national appointment categories, and are complying with the August 2020 guidance on recording of appointments

The national guidance confirms that further 2021/22 indicators will be introduced no earlier than October 2021, informed by circumstances of the COVID-19 pandemic.

4.3 Care Home Premium

PCNs are entitled to a payment to facilitate delivery of services to patients in care homes. The payment is calculated on the basis of £120 per bed from April 2021.

The number of beds will be based on Care Quality Commission (CQC) data on beds within services that are registered as care home services with nursing (CHN) and care home services without nursing (CHS) in England

The CCGs allocation of £946k is based on 7,883 beds in 776 active locations as at March 2020. There has been no adjustment to this allocation for 2021/22 to recognise the increase in beds.

5. Transformation (SDF) & Resilience Funding

The Primary Care system development funding (SDF) for 2021/22 has been formally announced and it anticipated that in total the CCG will be provided the opportunity to utilise up to £3,148k noting that a number of the schemes have an element of conditional funding with allocations received only once the funding has been committed.

The table below indicates confirmed & conditional allocations that the CCG has received for H1 - £1,107k, further we anticipate the full £2,892k will be made available subject to the commitment of funds during the financial year.

The items marked with a '*' in the table below indicate the additional allocations received during Q1.

6. Key Month End Variances by Area

At the month three reported position there is an overspend of £99k. The key variance in this position are costs associated with the PCN vaccination programme, for the contribution provided by the Local Authorities (£97k) which will be retro-funded by NHSE/I. Therefore the underlying position is essentially breakeven.

6.1 Primary Care Medical (Delegated) - Year to Date Variance

Underspend / (Overspend)	Year to Date Budget (£ '000)	Year to date Expenditure (£ '000)	Year to Date Variance (£ '000)
GMS/PMS/APMS Contracts	£24,127	£24,241	(£114)

Delegated Primary Care Reserve	-£296	-£296	(£0)
Primary Care (Delegated) Total	£36,165	£36,272	(£108)

The position presented for Primary Care Medical (Delegated) is an Overspend of £108k. he key variance in this position are costs associated with the PCN vaccination programme, for the contribution provided by the Local Authorities (£97k) which will be retro-funded by NHSE/I

This position recognises full utilisation of the Delegated and Core Reserve. Any emerging pressures that arise in the year will need to be mitigated through underspending within this financial year.

There are underlying pressure in Primary Care as a result of APMS contract support. These unresolved pressures will continue to be reviewed throughout the financial reporting for 2021/22

Primary Care Networks DES

The expansion of the Impact and Investment Fund (IIF), represents an opportunity to generate additional revenue to provide enhanced service provision to the patient. As information on the additional measures become available these will feature in this report.

Quality Outcomes Framework (QOF)

The QOF payments revert to the calculation method for 2021/22. This recognises the NHSE desire to return pre-pandemic operation of financial flows.

There have been further enhancement to the funding this financial year with both the value and number of QOF points increasing as follows;

Value of QOF point	£194.83	£201.16	£6.33	3.2%
Total number of QOF points	567	635		12.0%

Delegated Primary Care Reserve

The Primary Care Medical budgets had forecast expenditure of £1,910 in excess of the 21/22 allocation. The Reserve budgets set for Delegated & Core have been set to fund this deficit at; £724k, and £1,186k respectively (£1,910k).

6.2 Medicines Management - Year to Date Variance

Underspend / (Overspend)	Year to Date Budget (£ '000)	Year to date Expenditure (£ '000)	Year to Date Variance (£ '000)
Primary Care Prescribing	£32,570	£32,570	£0
Central Drugs Costs	£1,609	£1,609	£0
Home Oxygen Service	£531	£531	£0
Other Prescribing	£465	£465	£0
Medicines Management - Clinical	£56	£56	£0
Medicines Management Total	£35,232	£35,232	£0

The position presented for Primary Care Prescribing is breakeven year to date. The budget set for 2021/22 has funded all of the financial pressures of 2020/21, and 0.68% growth as per the national guidance.

6.3 Other CCG Commissioned Primary Care Services – Year to Variance

Underspend / (Overspend)	Year to Date Budget (£ '000)	Year to date Expenditure (£ '000)	Year to Date Variance (£ '000)
GP Forward View	£1,953	£1,953	£0

Other Primary Care	£67	£67	£0
Locality Leadership Groups	£187	£187	£0
Primary Care Reserve	£1,437	£1,437	£0
Primary Care Total	£6,223	£6,214	£9

Primary Care System Development funding (SDF)

The CCG has received £1,107k of allocations to date, at this early stage in the year these scheme have been accounted as though costs are committed, and as such no underspend has been reported.

Local Enhanced Services (LES)

The Locally Enhanced Services continue to be protected GP practice income during the first quarter of 2020/21 via block payments, these payments will revert to payment based on activity measures from quarter two.
