

Keyworkers

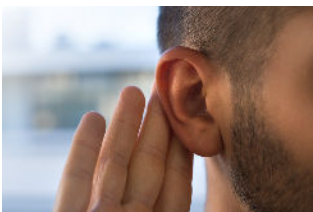

This leaflet tells you about what a Keyworker is and how you can get one.

A Keyworker is a person who can help you to get the support you need.

They will get to know you and your family.

The Keyworker will listen to you.

The Keyworker will help you.

Your CAMHS worker will ask you if you want a Keyworker.

It is up to you whether you want one. You can say yes or no.

You can tell us what kind of Keyworker you would like.

For more information contact us at bnssg.keyworkerteam@nhs.net or call 0117 900 2507.
