Subject: Migraine/Vestibular Migraine Protocol

I can confirm that the CCG does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
<p>Our CCG has a guideline or protocol for management of migraine</p> <p>a) Yes * b) No c) Unsure</p> <p>*If yes, please may you attach the protocol if possible.</p>	<p>Yes, we have a ‘Migraine Management Flow Chart’ on the BNSSG Remedy website: https://remedy.bnssgccg.nhs.uk/adults/neurology/headache/ https://remedy.bnssgccg.nhs.uk/media/5125/headache-management-flow-chart-11.png?width=623&height=858</p>
<p>Our CCG has a guideline or protocol for management of Vestibular Migraine</p> <p>a) Yes * b) No c) Unsure</p> <p>*If yes, please may you attach the protocol if possible.</p>	<p>No, we do not have a specific guideline or protocol for management of Vestibular Migraine. However, although the dizziness and vertigo page on Remedy does not specifically address vestibular migraine, it does have some information about common causes of vestibular problems and how to manage or refer. See: https://remedy.bnssgccg.nhs.uk/adults/ent/dizziness-and-vertigo/</p>

The information provided in this response is accurate as of 5 July 2022 and has been approved for release by Debbie Campbell, Deputy Director Medicines Optimisation for NHS Bristol, North Somerset and South Gloucestershire ICB.
