**Subject:** Prescribing Data for Salbutamol Inhalers

*I can confirm that the ICB **does not hold the information requested**; please see responses below:*

QUESTION	RESPONSE
<p>I am wondering if it is possible to gain access to the prescribing data on how many prescriptions Armada Family Practice has issued for any salbutamol inhaler device between the period of Jan 2021 to date (and hopefully up until April 2023)?</p> <p>Some of this data is freely available on openprescribing.net but it is the individual number of prescriptions per inhaler device issued that I am struggling to collect, also this data is always about 2 months behind. If I could be put in touch with someone who can help me with this that would be fantastic.</p>	<p>Bristol, North Somerset and South Gloucestershire Integrated Care Board (BNSSG ICB) does not hold this data, the enquirer will need to contact the practice directly for this information.</p>

***The information provided in this response is accurate as of 14 October 2022 and has been approved for release by Dr Joanne Medhurst, Chief Medical Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.***
