QUESTION	RESPONSE
<p>My Company is doing some research on all new Primary Care Centres / refurbished Primary Care Centres in the last 12 months. Could you please provide a list of these new properties / the business cases for any relevant properties/developments.</p> <p>Clarification received 05/09/23: this relates to works that have been completed in the last 12 months funded by NHS capital grants and private investors and yes projects over £250k</p>	<p>BNSSG ICB has funded with NHS capital two refurbishments of a Primary Care premises over £250k in the last 12 months. This applies to Tyntesfield Tower House and Conygre Medical centre. The ICB does not hold information on private investment.</p> <p>As both of these schemes were under one million pounds the NHSE business case process was not applicable and therefore the schemes went through an internal approvals process.</p>
