QUESTION	RESPONSE
I am currently looking for information on which companies you have commissioned for care services at each of your Trusts. Mainly for your walk in Centres, Urgent Care Centres and 111 services.	All our Minor Injury Units and our Urgent Care Centre is managed by “Sirona care and health”. Our 111 service is part of our “Sevenside Integrated Urgent Care service”. This is a collaboration between Brisdoc Healthcare Services and Practice Plus Group.

The information provided in this response is accurate as of 31 August 2023 and has been approved for release by Caroline Dawe, Deputy Director Performance and Delivery for NHS Bristol, North Somerset and South Gloucestershire ICB.
