Subject: Acute Respiratory Hubs

*I can confirm that the ICB **does hold the information requested**; please see responses below:*

QUESTION	RESPONSE
<p>I would like to make a formal request under the Freedom of Information Act for information relating to the providers of Acute Respiratory Infection (ARI) hubs within Bristol, North Somerset and South Gloucestershire ICS for the current year.</p> <p>Can you please provide the following information:</p>	
<p>Which of the following high impact intervention areas have been chosen as an priority this winter:</p> <ul style="list-style-type: none"> a. Same day emergency care b. Frailty c. Inpatient flow and length of stay (Acute) d. Community bed productivity and flow e. Care transfer hubs f. Immediate care demand and capacity g. Virtual wards h. Urgent community response i. Single point of access j. Acute respiratory infection hubs 	<p>Same day emergency care Frailty Virtual wards Acute respiratory infection hubs</p>

<p>The names of all providers responsible for operating acute respiratory hubs within Norfolk and Waveney ICS.</p> <p>Clarification: Please ignore the reference to Norfolk and Waveney as this was an incorrect typo.</p>	<p>All general practices in BNSSG are providing additional capacity to treat patients with acute respiratory infections over the winter period.</p>
<p>Details of any contracts or agreements between the ICB and the providers of these services, including start and end dates.</p>	<p>The ICB has a contract with all 76 general practices in BNSSG.</p>

The information provided in this response is accurate as of 8 December 2023 and has been approved for release by David Jarrett, Chief Delivery Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
