Subject: Dynamic Support Register (DSR)

I can confirm that the ICB does hold some of information requested; please see responses below:

QUESTION	RESPONSE
1. Does your organisation deliver the DSR service?	BNSSG ICB (Integrated Care Board) has a Dynamic Support Register which is in development which is currently a health only register which mental health colleagues can access to add people to the caseload held by the register. A whole system DSR is under development.
2. If your organisation works with others to deliver, please name all the other organisations eg the names of local authority or mental health trust etc involved?	System partners involved in developing the DSR include: BNSSG ICB Avon and Wilshire Mental Health Partnership NHS Trust (AWP) Bristol City Council North Somerset Council South Gloucestershire Council Sirona Care and Health
3. Do you have a digital DSR?	Not at this time, but a digital solution is part of the ongoing development.

4. Do you have a digital dynamic risk register in place?	No, but we do use AWP's electronic record keeping system for CAMHS to pull data on our current DSR.
5. How many individuals do you have in total on your DSR?	139
6. Can you break them down into Red, Amber and Green and if so, how many of each do you have?	Current DSR focusses on RAG Red rating but broader oversight part of system development.
7. If so what sort of system is it, please state type eg spreadsheet, database or specialist software and if specialist software, state the name of the software supplier.	We do not have a digital portal specifically for the DSR but the procurement of this is being scoped as part of the DSR development.
8. Regarding connectivity of the system in use, does this system integrate with other local systems such as NHS spine, RIO patient demographic service, Emis, SystemOne, Vision etc.	Again, this functionality is being considered as part of the scoping work.
9. Is the system DTAC compliant?	See above
10. If the system was purchased, what is the value of the contract for the system?	See above

11. When was the system purchased?	See above
12. If there is a contract for the current system when does the contract end, state any known break clauses and notice periods?	See above
13. How many WTE staff do you have involved in supporting the DSR system?	None at this time, as it's in development
14. Who are the leads responsible (person and role) for the managing and procurement of the system?	Bristol City Council Mental Health, Learning Disabilities and Autism Commissioning Team have been commissioned by the ICB to lead on the development of the DSR across BNSSG.

The information provided in this response is accurate as of 18 October 2024 and has been approved for release by Rosi Shepherd, Chief Nursing Officer for NHS Bristol, North Somerset and South Gloucestershire ICB.
